

Your submission file was not converted to pdf file type.

The assignment grader function requires submission files to be in pdf file format. There are a number of options available to display these files. These are:

1. Starter and Moodle for School plans include access to a document converter plugin that will automatically convert over 30 file types to pdf.
Ensure you have this enabled here -
Site Administration > Plugins > Manage Document Converters
2. Enable another document converter here -
Site Administration > Plugins > Manage Document Converters
Make sure your chosen converter is sorted to be at the top of the list.
3. Force users to only submit files as pdf.
This is configured on the Assignment activity settings.

For help on this topic visit Moodle documentation on
https://docs.moodle.org/en/Document_converters

If you are a MoodleCloud account owner and would like to enable automatic document conversion, visit the MoodleCloud portal to upgrade your free site –
