

The assignment submission file you are trying to view cannot be converted to a PDF.

The assignment grader function requires the submissions to be displayed as a PDF. There are a number of options available to ensure submitted assignment files display as PDF files. These are:

1. Starter and Moodle for School plans include a document conversion plugin enabled that will automatically convert many file types to PDF
2. Force users to only submit files as a PDF. This is configured on the Assignment activity settings.
3. Enable another document converter here –
Site Administration >> Plugins >> Manage Document Converters.
Make sure your chosen converter is sorted to be at the top of the list.

For help on this topic visit Moodle documentation on https://docs.moodle.org/en/Document_converters

If you are a MoodleCloud account owner and would like to enable automatic document conversion, visit the MoodleCloud portal to upgrade your site – <https://moodlecloud.com/portal>
